

Dear NWPMA members,

I am writing to thank you for selecting me as a recipient of the NWPMA Success Scholarship. I was extremely happy and appreciative to learn that I had received this award and I am immensely grateful for your generosity. I am an incoming junior at Colorado State University where I am pursuing a degree in business administration with a concentration in accounting. Following my undergraduate studies, I intend to obtain my Masters of Accountancy in order to reach my eventual goal of becoming a Certified Public Accountant. Thanks to you and your financial support, I am one step closer to that goal. My educational pursuits would not be possible without generous support from scholarship sponsors such as your organization. By awarding me the NWPMA Success Scholarship, you have lightened my financial burden which will allow me to focus on the most important aspect of school, learning. I am inspired by your generosity and I hope to one day be able to help students achieve their academic goals just as you have helped me.

Sincerely,  
Sadie Wolf
